

2017 Cardboard Classic

Saturday, March 18th

At Pine Mountain Golf & Ski Resort in Iron Mountain, MI

Registration & Race Times

March 18th 2017

Registration 10am – 12pm

Races begin @ 2pm

Design and build a person powered, cardboard sled capable of withstanding the slopes of Pine Mountain.

Awards

Top o' the Hill: Most attractive sled

Go Fast: Fastest down the hill for ages 12 & under and 13 & up & Business/Group

Rules for all sleds:

Safety and fun are the objectives. For safety, you must follow these rules. For fun, you need to follow them with a smile and remember that this is an event organized and run by Pine Mountain who work hard to ensure everyone has a safe and fun time.

Construction

- Your sled must pass inspection in order to be allowed on the hill.
- Your sled must be free of sharp edges, pointy objects, or any other feature that may be deemed dangerous by the inspectors. If you are unable to remove such objects from your sled, you will not be allowed to race.
- Only corrugated cardboard may be used.
 - You may NOT use: corrugated plastics or other corrugated materials/ non-corrugated cardboard (such as carpet tubes); cardboard that is bonded to other materials; epoxy reinforced cardboard; or any other cardboards that raise concern. If there is any doubt, don't use it.
- Tapes and glues may be used to hold your sled together.

- You may NOT use: tar-based substances; epoxy glue, fiberglass resin; two-part varnishes or any other two-part substances; or glues that harden into solids that may be deemed dangerous or may potentially leave dangerous debris on the hill.
- You may NOT use: Screws of any sort or material; mechanical fasteners; nails; staples; or any other means of holding your sled together that may be deemed dangerous or may potentially leave dangerous debris on the hill.
 - Only seams and joints may be taped, not the whole sled.
- Your sled may NOT be wrapped in plastic, tape, shrink wrap, or anything else.
- You must be able to stop your sled. Keep this important feature in mind when designing and building your sled.

Participation

The pilot must have read and understand the rules and register the sled.

All riders must have read and understand the rules.

If you do not pass inspection, you may not be allowed to participate or may not be allowed on the hill at all.

All occupants of a sled **MUST** provide and wear protective head gear (i.e. bicycle helmet, ski helmet, etc.).

No more than **10 occupants** will be permitted on any one sled.

To qualify as a finisher, you must be in or on your sled rather than chasing it or being chased by it as you cross the finish line.

If you have a fast time, you may run more than once.

If you wish to race again or against someone special, there will be match racing after the heats.

All participants must be able to stop their sled!

You must be able to explain or demonstrate the ability to stop your sled at the time of inspection. Failure to do so may result in disqualification and/or the sled will not be allowed to race.
